

Hello,

In today's world I feel very fortunate to own my own business with Mary Kay Cosmetics. With the economy unstable and people losing their jobs, it can sometimes be difficult to remain optimistic about the future. It's for this reason that I feel compelled to share some wonderful and exciting information with you.

If you face an insecure job situation or have the feeling that there is something more or better out there, I would love for you to hear a motivational CD called "Dare to Dream." An open-minded look at the Mary Kay opportunity will give you an idea what can be achieved in your future.

As an Independent Mary Kay Beauty Consultant I can relate many stories of women in our unit who have lost their jobs or have husbands who have lost theirs. Many of these women started their businesses as a supplement to their full time jobs, but now are thankful that they have a backup plan.

I'd love to offer you a glimpse into a world where women can achieve a variety of personal and financial successes. If you are willing to listen to this CD I would love to give you a gift - a 25% discount on a one-time order of any size! If you discover Mary Kay is not for you, I would love for you to be a talent scout. Any future referral that is accepted by Mary Kay as an Independent Beauty Consultant on my team will entitle you to \$50 in FREE Mary Kay Products!

Founded in 1963, Mary Kay Cosmetics has remained an extremely strong company throughout times of economic recession. In fact, over the last three years, the company has set sales records while many other companies have struggled.

Will waiting one more day make a difference? It might, It could mean one more day of doubt or uncertainty. It could mean one more day of wondering what could have been.

I would like to thank you in advance for listening and learning about the extraordinary opportunity that Mary Kay offers women today. Please feel free to give me a call as soon as you've finished listening to this CD.

Thank You!
